Dear Potential Sponsor,

Following an immensely successful in-person 2023 hackathon, we're thrilled to announce HackIllinois 2024! HackIllinois is the biggest hackathon held in the midwest, hosted at the University of Illinois Urbana-Champaign, one of the leading computer-science schools in the country.

This year, our focus is on fostering an engaging and intellectually stimulating environment. We aim to bring together a diverse and talented set of participants, encouraging innovation, collaboration, and the creation of cutting-edge projects. We are committed to creating an exceptional hackathon experience that will captivate and challenge our student participants like never before. Your support as a sponsor would play a pivotal role in making this event a success, both for our attendees, and for you.

At HackIllinois 2024, our focus is on crafting an experience that brings out the best of the academic, industrial, and practical aspects of Computer Science. With the support of sponsors like you, we aim to offer opportunities for our attendees to engage in a dynamic environment where they can learn from industry professionals, attend workshops and tech talks, and, of course, compete in a hackathon. The event serves as a platform for students to showcase their skills, network with like-minded individuals, and explore future career opportunities.

Your partnership in HackIllinois 2024 will open doors to:

- Direct engagement with a diverse cohort of ambitious and high-potential participants.
- Access to participant data and resumes for talent scouting.
- Opportunities for your mentors to showcase technologies, and work directly with students on projects.
- A showcase for your brand within the thriving tech ecosystem.
- A tangible contribution towards nurturing a vibrant Computer Science community in Illinois and beyond.

We believe that your involvement will elevate our event in a unique and meaningful way. We invite you to support us in our endeavor to continue offering a high-quality experience that exceeds our attendees' expectations.

The following pages will provide a detailed insight into the role of a sponsor at HackIllinois 2024. For inquiries or to confirm your participation, please contact us at sponsor@hackillinois.org. We look forward to crafting an amazing event in collaboration with you this year!

Best,
The HackIllinois family
